

From: Kochert Insurance
Re: COVID-19 Pandemic

As a local business in the Southern Indiana area we feel it is necessary at this time to take steps to do our part in limiting the spread of the COVID-19 virus. We will be limiting person to person contact in our office by allowing some of our staff to work from home and limiting customers coming into the office. In an effort to protect our employees and their families we are asking that our customers conduct all business over the phone or email. If a customer has a matter that cannot be handled over the phone or email, we will make arrangements to assist them. We are confident that this decision will enable us to maintain our high level of service to our customers as well as insuring the health and well-being of our community. We thank you for your patience and understanding during this time.
